Join us in-person on Thursday, June 16, 2022, from 9.00 to 11.00 am (CET) at the Palais des Nations in Geneva to discuss the findings of *Education Under Attack 2022*.

Education under Attack, the Global Coalition to Protect Education from Attack's flagship publication, is a global study of attacks on schools and universities, their students and staff, during armed conflict. The 2022 edition, covering the period 2020-21, underscores emerging trends in attacks on education related to the Covid-19 pandemic, the gendered impacts of attacks on education, and the effects of explosive weapons.

Speakers will examine how the Safe Schools Declaration, an inter-governmental commitment to protect education during armed conflict, helps safeguard the right to education, and reflect on what more can be done to protect education from attack.
